

Zoom Membership Minutes

July 22, 2021

Agenda

Meeting Presentation posted at <https://www.lowerdesplaineswatershed.org/meeting-presentations/>

- Welcome and Introductions
- Approve: March 25, 2021 Meeting Minutes – see attached *Motion to approve March 25th meeting minutes made by Scott Killinger, seconded by Jennifer Wasik, motion carried.*
- Update: Bioassessment 2021 – Tributaries *Jennifer provided an overview of the 2021 bioassessment program which included 48 stations on 12 tributaries. Expanded DO at 12 stations and 7 fecal coliform stations on the mainstem Des Plaines. See presentation for maps of sites.*
- Outreach Materials *Lea Rodbarry provided an overview of the new website that will launch later this summer or early fall – it will be a joint website between LDRWC & LDWG with more watershed information for residents. Materials will now be organized by topic vs. seasons. Lea is looking for input on future topics, which formats work best as well as pictures and videos of your public works staff in action. Summer materials are available at <https://www.lowerdesplaineswatershed.org/seasonal-campaigns/>*
 - New Website Sneak Peek
 - Summer outreach materials
 - Pet Waste Campaign
- Chloride Variance Update *Next Chloride Committee is scheduled for August 17th at 9AM. We are looking for communities to submit their current Snow and Ice Plans and number of lane miles managed to help us document current conditions and start preparing for the development of Pollutant Minimization Plans. Anyone not yet on the committee that is interested in participating can contact Jennifer Hammer*
 - Chloride Committee
- 2021 Membership Meetings
 - September 23
 - November TBD
